

**The NorthSide|Shore Chamber of Commerce
Business Awards Luncheon**

North Side | Shore CHAMBER OF COMMERCE

**Shining the Light
on Service**

Presented by *Huntington Bank*

2018 Nomination and Selection Process

The NS/SCC made a commitment to service to the community in 2018 and with that commitment, the Chamber is planning to shine the light on others in the North Side community who give of themselves every day. This year the NS/SCC is focusing on the organizations who inspire the rest of us to do the same.

The annual NorthSide/Shore Chamber business awards nomination process, will primarily focus on Chamber member organizations that have given back to the community through volunteerism, sponsorship, mentoring, and etc. Any member can nominate themselves for an award by submitting a 50 word or less description of their most impactful single service offering or project along with any photos depicting the effort. All entries will be reviewed and then sent out to our NS/SCC membership for vote.

Winners will be selected from each of the categories listed at the bottom of this page.

All nominees will be placed in an online survey tool for voting by Chamber members.

Only one vote per member per category will be accepted. Chamber members with multiple employees within the organization may vote but only one vote will be compiled from the aggregate of that chamber member company. Where there is a tie amongst the nominees, the first vote received will be the deciding vote. *The review and accumulation of votes will be done by the NS/SCC Board of Directors.*

The organization with the most votes from Members will be the winner of the category award that will then be presented at the Chamber Awards Luncheon on April 5, 2018. Members nominated and selected in the various categories will be notified prior to the event.

Any member wishing to see the results of the voting process are welcome to contact the Executive Director of the NSSCC for access to the tally of results.
