Monthly Update – February 2022

FEATURED EMPLOYER RESOURCE

We are working on a resource guide for employers to give information about recruitment and retention resources. I want to draw your attention to one resource this month.

CCAC [Job Board](#)

[College Central Network](#) is a free job board for employers to post to, managed by CCAC, that targets students, alumni and community residents.

- Employers register [here](#) for an account, wait 1-2 days for approval, then can begin posting once account is activated
- Provides opportunities for on-campus interviewing, internships, part-time jobs, and full-time employment
- Currently reaching 12,000+ individuals
- Direct CCAC contact for more information: Dean Jolin – djolin@ccac.edu
- I am able to post your openings for you, or you can post on your own through step by step instructions [here](#)

If you would like to chat more about College Central Network, please reach out to me directly or to Dean Jolin at djolin@ccac.edu.

COMMUNITY OUTREACH

NorthSideWorks! has been meeting with other workforce organizations in the area to increase our community outreach. Why are we doing this? To help build our audience and to reach more residents with resources and job listings.

Community Outreach Spotlight – “Paving the Pathways” lunch and learn sessions at Propel Northside Wellness Center

- Once a month until May, we are gathering employers & training providers to speak with Propel middle school students about various career pathways & success
- January’s focus was Entrepreneurship, February focused on Hospitality and March will focus on Finance

INPUT NEEDED RE: INTERNSHIPS

On our radar to dive into in the coming weeks is sources and connections for internships. I plan to compile this information to distribute soon.

If you have gotten interns through one of the area’s training providers; will you share the relevant information with me – contact information, process, your experience?
