

NorthSideWorks!

Northside **employers** consistently face recruiting and retention challenges. At the same time, many **residents** are unaware of the wide variety of good career opportunities available to them. And the goals of **training providers** and **service organizations** could be optimized through collaboration and partnerships.

In July 2021, the Northside North Shore Chamber launched NorthSideWorks! with the support of the Buhl Foundation (through One Northside). NorthSideWorks! is a workforce development program that connects employers, residents, training providers and service organizations to relevant resources. Through consistent outreach and data-driven analysis, gaps in labor supply and demand are addressed.

COMMUNICATING Opportunities

- Knowledge bank - jobs, training opportunities, service organizations
- Continuous communication - digital tools, career counseling
- Employer resource guide
- SOON... Career counseling for residents

INCREASING Opportunities

- Promoting career pathways - manufacturing, skilled trades, and healthcare
- Career exploration activities for youth
- Training programs to address skill-set gaps

**In partnership with One Northside, Partner4Work
and the Community College of Allegheny County.
Made possible with a grant from the Buhl Foundation.**
