

NorthSideWorks!

Northside **employers** consistently face recruiting and retention challenges. At the same time, many **residents** are unaware of the wide variety of good career opportunities available to them. And the goals of **training providers** and **service organizations** could be optimized through collaboration and partnerships.

In July 2021, the Northside North Shore Chamber launched NorthSideWorks! with the support of the Buhl Foundation. NorthsideWorks! is a workforce development program that connects employers, residents, training providers and service organizations to relevant resources. Through consistent outreach and data-driven analysis, gaps in labor supply and demand are addressed.

Stakeholder Opportunities

Employers

- Recruitment assistance
- Collaboration with training and service partners
- Retention resources

Residents

- Job opportunities
- Resources for career exploration and training options
- Connection to service organizations

Training Providers

- Student recruitment assistance
- Industry input and identification of labor demand
- Relevant partnerships

Service Organizations

- Supporting workforce goals
- Facilitated collaboration
- Promotion of services

In partnership with One Northside, Partner4Work and the Community College of Allegheny County. Made possible with a grant from the Buhl Foundation.
